ONE

100% VINYL WEAR LAYER

- Superior durability
- Resistance to wear and scratches

TWO

MAPLE VISUAL

- With the look & feel of real wood!

THREE

REINFORCED GLASS FIBER INNER LAYER

- Excellent dimensional stability

FOUR

CLOSED CELL FOAM BACKING

- Excellent shock-absorption, superior stability, and good energy return

LINE COLORS

⁽¹⁾ Superior embossed surface will not trap dirt, while giving the perfect coefficient of friction for athletic sporting activities. ⁽²⁾ 85 foot rolls allow for no cross seems on main basketball court. ⁽³⁾ Active is a phthalate-free flooring. The phthalate-free plasticizers selected by Icon are approved for food containers and can be used for toys intended to be placed in the mouth by children. ⁽⁴⁾ Our products contribute to better indoor air quality and are FloorScore® Certified; certified by SCS Global. ⁽⁵⁾ Active vinyl flooring has been designed for strength and performance and is approved in both the United States and Europe by ASTM F2772 and EN14904.
